

2017 Winter Code Updates

Wisconsin's regional inspector associations, in cooperation with the Wisconsin Department of Safety & Professional Services, Industry Services Division, are offering training sessions in early 2017 about Wisconsin's Electrical Code, Uniform Dwelling Code, and Commercial Building Code. These courses can provide continuing education credits for Industry Services administered inspection and DCQ credentials. Fire inspectors, designers, contractors, and others with an interest in Wisconsin's codes may also benefit from the programs.

- **Registrations are handled by the individual inspector associations. Please pay close attention as to which association and mailing address your payment should be sent to.** Confirmations are not sent. Registrations are subject to available space. If a session is full, your registration and monies will be returned. Fees vary due to presentation and venue costs. Please keep a copy of this brochure and your registration form. One registrant per form.
- **Registration and fees must be received 2 weeks prior to the desired day/session, or a late charge of \$10 will be assessed for each day/session. Cancellations must also be received 2 weeks prior to the session in order to receive a full refund.** All associations accept cash, check or money order. The SWWBIA is the only association accepting credit card payments at this time.
- Attendees have an opportunity to order the 2015 ICC suite of codes and/or the 2017 National Electric Code (NEC) from the associations at a discounted price. The number of ICC code suites and NECs you wish to purchase shall be indicated on the form. Code books must be purchased from the association in which you are attending classes. **Note:** The NWBIA is not offering code books for purchase. **Late registrants or walk-ins will not be able to purchase code books at registration.**
- Registration for all day sessions will start 7:15 a.m. with **programs starting promptly at 7:45 a.m.** The sessions will end at approximately 3:45 p.m. Credential abbreviations noted below are: CBI = Commercial Building Inspector, CEI = Commercial Electrical Inspector, UCI = UDC-Construction Inspector, UHI = UDC-HVAC Inspector, UEI = UDC-Electrical Inspector, DCQ = Dwelling Contractor Qualifier, ME = Master Electrician and JE = Journeyman Electrician.
- Individuals holding Industry Services credentials can check their continuing education status online at <https://app.wi.gov/licensesearch>. If you have questions regarding a continuing education status, please contact Credentialing at DSPS DLCREDTrades@wisconsin.gov.
- **The Association's websites may show specific program agendas:**

Commercial Electrical Code – This course will cover the 2017 NEC commercial code changes. A code panel will also cover common commercial electrical code violations. 6 continuing education credit hours for all electrical license categories will be given, including Registered (Beginning) Electrician. The program includes two short breaks in the morning, one break in the afternoon and lunch at noon. Please note any special dietary needs on application.

1 & 2 Family Electrical Code – This course will cover the 2017 NEC residential code changes. A code panel will also cover common residential electrical code violations. 6 continuing education credit hours for all electrical license categories will be given, including Registered (Beginning) Electrician. The program includes two short breaks in the morning, one break in the afternoon and lunch at noon. Please note any special dietary needs on application.

Evening Electrical (Lake Delton & Pewaukee) – Lake Delton - Significant changes to the 2017 NEC. **Pewaukee** - How the ICC and UDC Impact Electricians. These course outlines may be found on the association's website. Questions regarding these courses should be directed to the association's contact person. 3 continuing education credit hours for all electrical license categories (electrician and inspector) including Registered (Beginning) Electrician will be given per night. Dinner prior to the session is included. Please note any special dietary needs on application.

Uniform Dwelling Code - This course will provide information relating to deck construction and REScheck as well as information on performing a typical 1 & 2 family inspection (construction and mechanical). Administrative information will also be included. 6.5 con ed credit hours for UCI, UHI and DCQ. Lunch is included. Please note any special dietary needs on application.

Commercial Building Code – This course will focus on the upcoming adoption of and significant changes to the 2015 IBC, IMC, IEBC, IFGC, IECC, and the 2009 ICC A117.1. Administrative information will also be included. 6.5 con ed credit hours for CBI and DCQ. Lunch is included. Please note any special dietary needs on application.

Plumbing – These courses are being offered separately through the association where listed on the registration form. Questions regarding these courses should be directed to the association's contact person. Lunch is included. Please note any special dietary needs on application.
